# INTERNATIONAL WOMEN'S DAY

## REPORT

Date: 15-03-2023

International Women's Day was celebrated at G.B. Pant Memorial College, Rampur on 15th March, 2023. The theme for this year was **DigitALL: Innovation and Technology for Gender Equality**. International Women's Day is celebrated every year on 8th March but due to Holi celebrations and local holiday for Fag Mela we celebrated this occasion on 15th March. The Chief Guest for the program was College Principal Prof. P.C.R. Negi and the key note speaker was Dr. Rajan Devi Negi. The Chief Guest addressed the gathering by discussing the role of providing equal opportunities for both men and women. He added that gender equality is possible only when parents do not discriminate among their children and provide equal opportunities for them to grow. A nation needs to value every gender equally to progress at the right place. A society attains better development in all aspects when every individual's dream of equal rights and equal access to resources is fulfilled.

The keynote speaker Dr. Rajan Devi Negi in her speech emphasised a great deal on the role of education and stated that as the level of education increases, awareness will increase in the society and this gap of inequality will reduce. Empowering women is not just a goal, its a necessity. Each one of us should work towards creating a world where every woman can thrive.

The convener of The Women Grievance & Redressal Cell, Prof. Gita Sharma shed some light on this year's theme for International Women's Day which is **DigitALL: Innovation and Technology for Gender Equality**. In her speech she talked about the various objectives of Women's Day. The digital age is creating new and unprecedented opportunities to improve the lives of women and girls around the world. Digital technologies are rapidly transforming all spheres of life and establishing new entrance points and platforms for historically marginalised groups.

The main objective is to recognize the women and girls who are contributing to the advancement of transformative technology and digital education. Another motive is to draw attention to gender discrimination, violence and abuse against women. Also how imperative it has become to put an end to all this abuse against women.

An educational slideshow depicting the Technological changes throughout the century in Indian Cinema was presented by Prof. Gita Sharma. The audience went on a cinematic journey starting from 1913 and learnt about the cultural changes throughout the time span of 110 years.

Poetry recitation and slogan writing competitions were also organized in which students and gender champions volunteered. This event was a success because of the contribution of Prof. Rajesh Negi, Prof. Gopichand Negi, Prof. Priyanka Thakur, Prof. Sher Singh Negi, Prof. Narender Saini, Prof. Norbu Zongmo, Prof. Anuradha, Prof. Amit Shroshtha, Dr. Satpal Khund and Prof. Gaurav. The program turned out to be a great learning experience for all those who attended.

Subject: Regarding a major issue in respect to  
 College auditorium.

Respected Ma'am,  
 With due submission this lettering to your kind notice that college auditorium is being used by regional student association to hold their functions. In these functions ~~students~~ people other than college students participate. Auditorium is a property of college and must not be used by other people which do not belong to college. There is an other issue, that these functions are being held day-by-day. There is no one day left when no function is going to be held in auditorium. There is a lot of noise of music which creates a noise pollution. In these functions, people create indiscipline. So the security of college students has also become questionable. These functions create a great nuisance. It is also hard to study in an environment like this.  
 Hence considering the seriousness of matter, it

we are requesting you to kindly look into this matter as early as possible and take a decision about these functions so that no such activities can be done and that may not bring bad name to this institution so that the students can attend classes without any disturbance and the environment of college must not be ruined.

Thankyou.
